

# Neglect Tools in Surrey

## GCP2- A

**What?** Antenatal version of GCP2, completed for children pre-birth to identify concerns of neglect and offer appropriate support to the family. This is currently a pilot in the SE of Surrey. Licenced by NSPCC.

**Who?** SASH Midwives and Family Safeguarding Team (SE).

**Where?** Only accessible to those who have completed the GCP2- A training. No further training is available currently.

*May lead to a GCP2 being completed after GCP2-A or with siblings within same family*

## Neglect Screening Tool

**What?** Quick tool to help you identify if a child may be experiencing neglect.

**Who?** Practitioners who have time limited contact with families.

**Where?** Available on the [SSCP website](#)

*May lead to a GCP2 being completed where neglect is a concern*

## Graded Care Profile 2 (GCP2)

**What?** Licenced from NSPCC. Evidence based tool used with parents, that helps to evaluate the level of care a child is receiving. Also helps to improve the support offered to parents. Much more comprehensive and participative than the Neglect Screening Tool.

**Who?** Anyone who works with children and who has access to work directly with their parents/care givers, and who has a concern about neglect/parenting.

**Where?** Only accessible to those who have completed the GCP2 training. Training can be booked via [Olive](#).
