**August
2019**

Terms of Reference agreed for the panel for the Thematic Review of probable suicide by children and young people in Surrey 2014 - 2020

**September
2019**

First meeting of the Thematic Review Panel

**April
2020**

The final review and an infographic was published on the SSCP website for dissemination to professionals.

An online lunch and learn session with over 100 attendees was held to present the results of the thematic review as part of the Child Death Review partnership learning programme.

**October
2020**

The Learning from the Thematic Review and Suicide Prevention Toolbox was presented at dedicated webinars (Awareness of Autistic Spectrum Disorder (ASD); Management of self-harm; Prevention of alcohol and substance misuse; Parent support; Work across the County to mitigate Adverse Childhood Experiences (ACEs); Timely support for children and young people in crisis, Support for completing effective referrals; Implementing a Surrey Healthy Schools Approach)

The Child Death Review team facilitated four virtual webinars in October 2020 to support the dissemination of lessons identified in the thematic review, with over 200 attendees, which was accredited for CPD by the Faculty of Public Health.

Launch of the online suicide prevention toolbox

**December
2020**

Positive feedback on the thematic reviews was also highlighted in the Peer Review Report of Surrey Safeguarding Children Partnership completed by Our Safeguarding Children Partnership for Cornwall and the Isles of Scilly in December 2020 :“The quality of both of these reports was high, with clear analysis and identification of areas of learning..... This was an effective route to collate the learning from a number of cases and share that learning across the partnership”

Increased multi-agency, co-ordinated response to a suspected suicide in Surrey with initiation of Information Sharing and Planning Meeting as part of formalised plan of action, including for those who are near death or anticipated to die whilst in Intensive Care

**January
2021**

A multi-agency task and finish group was initiated to develop an action plan based on the opportunities not to be missed identified in the thematic review.

**March
2021**

Feedback received in March 2021 from the Section 11 self-assessment audit reported that “the range of evidence provided to demonstrate that your organisation actively promotes multi-agency work to improve outcomes and keep children safe, e.g. the thematic case reviews and the thematic review of adolescent suicides”

September 2021

A Children and Young People's sub-group of the Surrey Suicide Prevention Strategy was formed to take forward the monitoring of the action plan developed by the Task and Finish Group.

Thematic review is referenced in Surrey Healthy Schools online self evaluation toolkit and used to support development of a whole school approach to improving wellbeing in pupils.

October 2021

National Child Mortality Database publish their report on adolescent suicide.

An 18 month update report was published Surrey-Thematic-Review-of-Probable-Adolescent-Suicides-18-month-update-report.pdf (surreyscp.org.uk) and the deaths are also mapped against the themes identified from the national report.
